Software Architecture in Practice

QAS Puzzle

You will be given...

- I have made 7 (more or less) feasible QaS for WoW, covering a subset of the system quality attributes

- Your Goal
  - Recreate the correct QAS from the scrambled ones
  - 1) Find the proper QA they express
  - 2) Arrange the writing templates so the express feasible architectural requirements.

- Learning Goal
  - Get acquinted with the generator templates and the templates and the QA's they represent
