

Master's Degree Programme Computer Science

Revised 28 January 2020

AARHUS
UNIVERSITY

Structure of Master's Degree Programme

1 st Semester	Specialization 1 (30 ECTS)	Specialization 2 (30 ECTS)	Elective (30 ECTS)
2 nd Semester			
3 rd Semester			
4 th Semester	Thesis (30 ECTS)		

- Specialization:
 - Two 30 ECTS specializations
- Elective:
 - Recommendation is a 3rd specialization.
 - A small number of elective courses in computer science is offered in addition to specializations. Project work (partly) is also a possibility.
 - Elective courses may be supportive rather than core computer science, e.g. extra mathematics courses.
 - There may be requirements for the composition of the study program in connection with possible admission. In this case mandatory courses replace the elective courses (partly).
- Thesis: Written within the area of specialization 1 or 2
